

# Origin

VitrA

# Silent gracefulness

Origin portrays a delicate minimalism. The collection differentiates from the ordinary with its simple slenderness: Precise edges, fine details, and noble colours. By challenging the existing perception of faucets and accessories, Origin offers an integrated and charming final touch to the bathroom.

Design Studio Vitra

# Authentic completeness

To enhance the bathroom environment, Origin is in complete harmony across collections. With the sculptural design character, this range of over 150 products quietly adapts to diverse needs and reveals an authenticity for different bathrooms.

A close-up, high-angle shot of a circular, metallic shower head. The shower head is positioned in the lower right quadrant of the frame, angled slightly towards the viewer. It features a grid of small, raised nozzles arranged in a circular pattern. The metal has a brushed or polished finish, reflecting light. To the left of the shower head, a portion of a dark, textured wall or door is visible, showing a vertical line and a small rectangular detail. The background is a dark, textured surface, possibly a wall or a door, with a subtle pattern. The lighting is soft, highlighting the texture of the metal and the background.

A white plastic pump bottle of Aestura Skin Care Moisturizer. The label is partially visible, showing the brand name "AESTURA SKIN CARE" at the top, followed by "MOISTURIZER". Below that, it lists ingredients: "HYALURONIC ACID", "VITAMIN E", and "NATURAL OILS". The volume "200 ML" is printed near the bottom of the bottle.

# Amplified yet subtle details

Origin's delicacy is empowered by the industrial craftsmanship and strengthened by the fine details. In addition, the diverse colour palette includes chrome, copper, matt black and brushed nickel.
